

OCTOBER-DECEMBER 2024

GOING GREEN

Sustainability Campaign

Make a real impact by Going Green with NSK. Our Going Green campaign rescues used and non-performing handpieces and equipment from the landfill, giving them a second life through refurbishment and repair. Even items that can't be repaired are recycled responsibly. When you upgrade your equipment, you're not just enhancing your practice — you're contributing to a sustainable future.

Through our recycling and refurbishment programs, we support charitable organizations and uplift underserved communities both locally and globally. Join us in making a difference!

GO GREEN AND TRADE-IN YOUR HANDPIECES

Join us in our mission for a healthier planet and brighter smiles! Together, we can make a real difference. Go green for a sustainable future by trading in your old equipment and receiving up to 30% off on replacement items.* We accept trade-ins of any make or model, even if they're not in working condition. However, disassembled handpieces, spare parts, or components cannot be accepted.

*Discount applies to selected items only.
